**ALTO**

## Seating solutions

The **Alto** seating solutions are intended for the new welcoming and modular collaborative work spaces and blend perfectly with the contemporary, agile and innovating spirit of the **Alto** range.

Available as independent settees or back-to-back benches that can be connected to the **Alto** tables and multi-workstation desks, **Alto** seating solutions are comfortable, easy to install thanks to the starter/add-on principle, the ideal solution to configure flexible work spaces.

### CHARACTERISTICS

*Alternative colour options, please contact us*

### TECHNICAL DESCRIPTION

- 4 metal arch legs, square cross-section 25 x 25 mm, with adjustable screw feet (Ø 25 mm and range 15 mm). Legs designed so that starter/add-on settee modules can be easily assembled together or back-to-back benches placed next to Alto multi-workstation desks/meeting tables.
- Seat structures connected by steel structural beams, cross-section 40 x 25 mm, with black lacquered epoxy finish. Seat and back supports made of 16 mm thick black melamine-coated panel. Assembled with screws.
- Seats with PE foam padding, density 40 kg/m<sup>3</sup>, attached with Velcro strips. Backrests with PE foam padding, density 30 kg/m<sup>3</sup>, attached with magnets. Upholstered with Grey or Sea Green Step Melange fabric, 100 % Trevira CS, M1 Fire classification, Oeko-Tex certified.
